### **Trim**

**Die Cutters Section:** **You can use anything you already have.**

I used a variety from my stash that I've used in previous tutorials:

[Heartfelt Creations Decorative Pocket Accents Die](#) , [Heartfelt Creations Elegant Pocket Accents Die](#) , [Heartfelt Creations Petite Pocket Accents Die](#) , [Heartfelt Creations Frame a Card Leafy Border Die](#) ,  
[Ornate Borders & Pockets Die](#) . [Regal Borders & Pockets](#), [Fleur Borders Basic](#), [Classic Borders Basic](#), [Delicate Borders Basic](#), and [Album Tags & Accents die](#)

**If you ARE NOT Die Cutting your Trim** – **you can opt out of using any decorative trim in this tutorial.** If you'd like to use a Decorative Trim Punch, I recommend using [EK Tools Trim Punches](#). They can punch through thicker cardstock, or use what you have that can punch through 85# paper.
