## Precutting – Scoring Guide

\* All measurements & scoring below are on your white or kraft colored cardstock. Your Decorative paper measurements will be given in the tutorial.

\*\* If you are unsure of any scoring below, we will review it in the tutorial

\*\*\* Below are precuts for each section of the folio.

\*\*\*\* Please write lightly with pencil to label your pieces as instructed below.

### **BASE**

Qty:

2 8-1/4" x 12" pieces.

**Seaming:** Lay your pieces so they are 12" across in front of you. On **ONE** of your sheets, lay a piece of 1/4" scor tape along the short side edge (8-1/4" side) without going over the edge. Take your other piece and lay the short side (8-1/4" side) over the 1/4" scor tape to seam together. This will create a long sheet approx. 23-1/2" wide x 8-1/4" tall.

**Scoring:** Lay our piece on your scoring board so it's 23-1/2" across.

Score at: 2-1/2", 4", 10-1/4", and 11-5/8".

Now rotate your paper around so it's again laying 23-1/2" across – we are now scoring the opposite side. Score at: 5-1/4" and 5-7/8".

Label your piece: Base

NOTE: If you are confused, we will do this together in video.
