## PRECUTTING – SCORING GUIDE

\*\* Use pencil to lightly label your pieces\*\*

\*\*\* We will review the following precuts and scoring in the tutorial\*\*\*

The following precuts and scoring is on your **White cardstock**. We will cut the decorative paper together in the tutorial

Qty:

2 8-1/2 x 12" pieces.

\*\*You can wait for the tutorial to seam and score your pieces with me if you do not understand the "seaming" and "scoring" of these two pieces.

Seaming them together: Lay your pieces 12" wide in front of you. On one sheet, lay a piece of 1/4" scotch tape along the short side. Overlap your other piece onto the scotch tape to seam these together to create approx. 23-3/4" long piece.

Now you're ready to score: Lay your piece 23-3/4" across your scoring board.

Score at 1-1/2", 8", and 8-1/2". Now rotate your paper around until it's again 23-3/4" across your board – you are now scoring the opposite end. Score 1-1/2", 8", and 8-1/2".
