## **PRECUTTING GUIDE**

Note: Please label your pieces with pencil as indicated below.  
If you are unsure of any instructions below, we will review them in the video.  
All precuts below are only on your black cardstock. We will cut our designer paper in the video together.

### **BASE**

Qty

2 8-1/4" x 12" pieces.

**Seaming:** Lay your pieces so they are 12" across in front of you. One ONE of your sheets, lay a piece of 1/4" scor tape along the short side edge (8-1/4" side) without going over the edge. Take your other piece and lay the short side (8-1/4" side) over the 1/4" scor tape to seam together. This will create a long sheet approx. 23-3/4" wide x 8-1/4" tall.

**Scoring:** Lay your piece on your scoring board so it's approx. 23-3/4" across. Score at 2-1/2", 4", 10-1/4", and 11-5/8".

Now rotate your paper so it's again laying 23-3/4" across – we are now scoring from the opposite side. Score at 5-1/4" and 5-7/8".

Label your piece: Base

Note: If you are unsure about the seaming or scoring, we do go over this together in the video.
