MATERIALS & CUTTING GUIDE

MATERIALS

- 1 [Echo Park Gnome for Christmas 12 x 12 Paper Pack](#)
- 1 Sheet [Medium Weight Chipboard - 12 x 12 Size Black](#)
- 1 Sheet [Cardstock - Black 12 x 12 Size](#)
- 1 [Little Birdie Holly Poinsettias Flower pack](#)
- 1 Flameless Candle (I used a 5" tall flameless candle)
- 4 holiday picks

Adhesive Options:

You can do all glue or alternate between glue and Scor Tape like I did:

[Art Glitter Dries Clear Glue](#)

[1/4" and 3/8" Scor Tape](#)

A circle Template : You can download a free circle template off google, use a stencil, use a round object like I did in the tutorial to make your circle. Circle size can be anywhere from 6" to 7". I used a 6-3/4" round object.

PRE-CUTTING GUIDE

The following measurement cuts are on your chipboard and black cardstock only.

CHIPBOARD

Use your template to draw around onto your chipboard to make a circle. Circle can be anywhere from 6" to 7" wide. Mine is 6-3/4" wide. (if you are unsure, watch the tutorial)

Also cut a 1-1/2" x 1-1/2" piece of chipboard.

BLACK CARDSTOCK

8 1" x 12" pieces.

Scoring: Lay your piece on your scoring board so it's 1" across. Score at 1/2". Now rotate your piece so it's laying 12" across and Score at 1/2" and 11".

We will be cutting our decorative paper in the tutorial. You can use the bottom of this sheet to make notes on what to cut your decorative paper at in case you'd like to make it again.
