\*\* The following pre-cuts are to be made on your white or solid colored cardstock only. We will cut our designer paper together in the video so your folio will look like the final folio I show in the video.

\*\* At any time you are confused with any of the precuts or scoring below, we will review them in the video.

### **BASE**

Qty:

2 8-1/4" x 12" pieces. Label: Base

Seaming: Lay a piece of 1/4" scor tape down One of the short sides (8-1/4" side)of your paper . You only need scor tape on one of your pieces. Overlap the other piece's short side onto the scor tape. Burnish (We will be doing this together in the video)

Your piece should be approximately 23-1/2" or 23-5/8" long after seaming.

Scoring: Lay your piece on your scoring board so it's 23-1/2" across. Score at 3-1/8", 3-7/8", 10-1/8" and 10-3/4". Now rotate your paper so it's again laying 23-3/4" across (we are scoring from the other side now). Score at 6-1/8" and 6-7/8".
